Statistics About Your Data

Odoo gives you an easy way to see the statistics about any of your important data.

You can create detailed reports and graphs in any format you need - all that in few simple clicks.

No need for specialized program to create graphs and charts

Heat Map

This amazing open source system offers you a feature that shows you the heat map, so you can easily understand the progress of all your projects and other activities. You can highlight the data - how many hours were spent on which project/task/etc. It's useful for tracking the progress and evaluation c each activity.
