Enterprise Social Network
Private social network for your company

Connect with experts, follow what interests you, share documents and promote best practices. Get work done with effective collaboration across departments, geographies, documents and business applications. All while decreasing email overload.

Odoo's software offers all these amazing benefits in one simple app.

Online Demo

Connect with Experts
### Get the right information in the right time

Next time you have a question for the marketing, sales, R&D or any other department, don't send an email. Simply post the question to the specific internal group and get all answers from the right person.

Simple and easy.

Follow What Interests You
Make the information flow across your company

You don't need any extra tools to stay informed about anything happ on your sites. Do you want to get informed about new product feature: deals, online project team collaboration, bottlenecks in projects or any event?
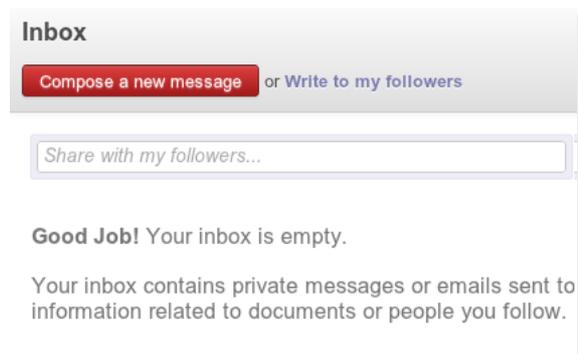

Just follow what interests you in order to get the information you need; more, no less.

Get Things Done
Your inbox is a todo list

Odoo's open source app offers you great tools for business. You can process (not only read) the inbox and easily mark messages for future actions.

Start feeling the pleasure of having an empty inbox every day; no more overload of information.

Promote best practices
Discussion groups at your fingertips

[Join Group]

Cut back on meetings and email chains by working together in groups interests. Create a group to let people share files, discuss ideas, review projects and vote to promote successful practices.

This is really the best app on the market!

Improve Access to Information and Expertise
Easily find the information you need

Break down information silos. Search across your existing systems to find the answers and expertise you need in order to complete projects quickly.

Do you need to see the latest statistics? Do you want to compare the data from various projects? Find all the information properly stored on your site.

Secure Collaboration

Group Name
Whole Company

Email Alias all @ openerp.my.openerp.com

General announcements for all employees.

Privacy Public ▼

Auto Subscription Human Resources / Employee ✕ ▼

This group is visible by everyone, including your customers

Set the right security policy for each group and mailing list; public, priva by invitation only - according to the information sensitivity.

You can create groups for the whole company, separately for each department or for specific projects.

Twitter-like Network For Your Company

Make every employee feel more connected and engaged with twitter-like features for your own company. Follow people, share best practices, 'like' top ideas, etc.
