Real Time Online Chat

Easy way to communicate with your employees, colleagues and other internal users of your system.

Odoo's live messaging software allows users to chat with each other in real time. Find other users easily and chat directly on yours sites. It support several chats in parallel.

No need for external programs for live chats or any other apps - everything can be found in this web based real time chat.
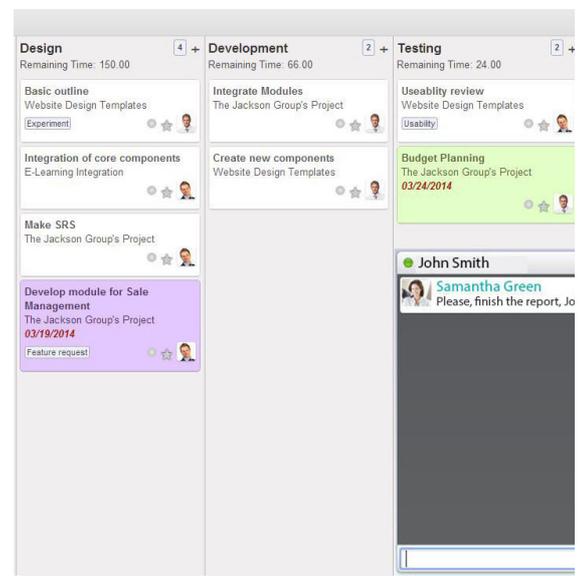

See The Availability Of Others

You can check the availability of other users in a simple view with green indicative button and start a conversation with any of the users that are currently online.

Odoo's real time messaging service is a great tool for business, no matter the size of your company.

Solve Important Issues On The Go

Avoid long and complicated email discussions and problematic phone calls - with this amazing feature you can quickly talk to anyone you need and solve the problems in a simple, easy and efficient way.

When you write a message to other users, it will automatically pop up in their screen and they will be able to immediately reply to you.

Internal Messaging

Real time web chat is not the only feature of this app. Odoo also offers an internal mail box, directly integrated in the system.

You can easily connect it to any mail service that you're using (Outlook, Gmail,...) and access your emails from anywhere, anytime.

2 million users run their business with Odoo
