Make Online Survey Forms

Fast and reliable

Open source; online, no loss of information

Analyse without delay

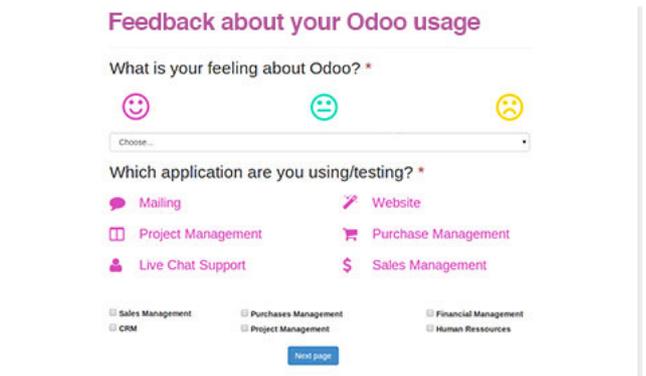

Real time results and charts

Centralise everything

Direct insight for your sales

Simple and intuitive

User-friendly interface

1. Design and test your survey

You need just a few clicks to make online surveys. Simple and clear; no need to make it complicated. With our intuitive interface, you can directly edit what you see with one click.

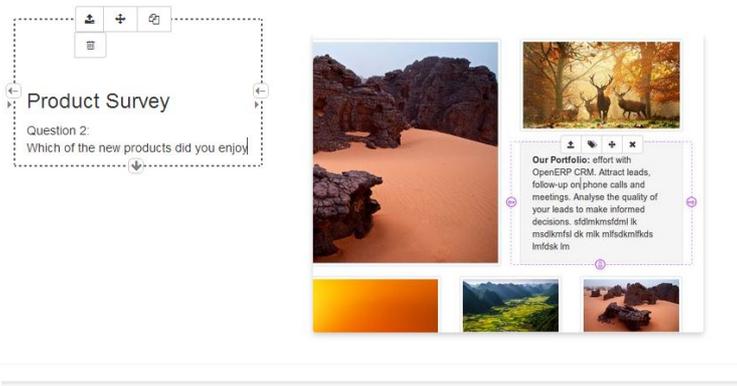

2. Share and collect data

With Odoo's built-in sharing system, you can communicate your surveys easily. No delays and wasted time, you can ensure immediate sending in just a few clicks.

3. Immediately benefit from the results

With Odoo, all your results will be automatic synchronized with your database. No separate data mining and your comparison you can be sure that your sales force will be from this.

Create Neat And Professional Design

Odoo's unique "edit inline" and building blocks approach makes survey creation surprisingly easy. You can drag and drop content online, edit any text that you see, following your needs.

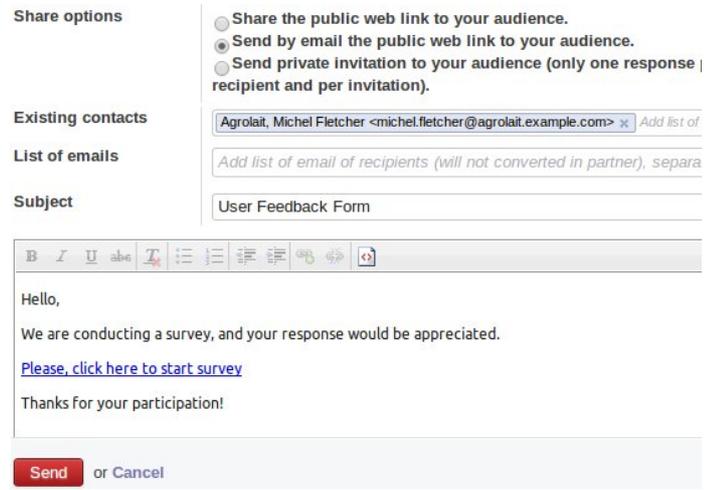

Did you find a small error in a questionnaire? Do you want to add a new answer or change the text? Just click and change it's that simple.

Modify the design, edit questions, add more text and change the pictures in real time without using any external and complex interface

Share Marketing Surveys Without Delays

Thanks to our built-in sharing system, gathering information is not time consuming anymore. Since your database is directly accessible from the survey tool, you can share your polls really fast and immediately get responses. You can react to your marketing needs and provide studies anytime.

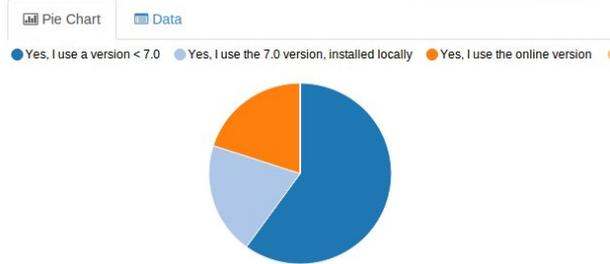

With Odoo Survey app, you don't lose time on the process and you can focus on the quality and quantity analysis.

Centralize Your Data And Make It More Valuable

About the Odoo usage

Question Are you using Odoo on a daily basis? **5 Answered** **0 Skipped**

Question Which modules are you using/testing? **5 Answered** **0 Skipped**

Odoo provides a smooth synchronisation of your database. All information provided from the surveys is automatically assigned to the matching entries in your fully integrated database.

The results will be saved and always reachable for the moment when you need it. No more lost data! Run your statistics, measure response rates, extract the analysis without delay.
